Villas win the Judges Choice Award at Moore County Parade of Homes

Pinehurst, N.C. (April 5, 2010) - Sage Built decided to enter its top product at The Villas at Forest Hills (www.VillasBySage.com), the Citori, in the 2010 showcase this year and it did not disappoint. The Villas is proud to announce that they took home the coveted Judges Choice award. Builders from all over the county entered their homes to be judged by the 2010 MCHBA (Moore County Home Builders Association; www.mchba.com) panel of judges.

The panel spends generally 15-20 minutes in each home entered, taking notes and tallying scores, for what they may and may not like about a home. After all homes have been reviewed the judges reconvene back at HBA headquarters to tally the votes and decide a Gold, Silver, and Bronze winner for each category of home as well as select the Judges Choice awards. President of Sage Built, Rex Vick commented that “we really feel that our Citori model shows very well, but we are thrilled that the panel agreed with us and chose us for their Judge’s Choice award.”

The Villas is the *only* National Association of Home Builders Certified Green Community in Pinehurst (NAHB; www.nahbgreen.org). Vick also added that “Sage Built is extremely proud to be able to say that we are building truly green certified homes in the Village of Pinehurst”.

The Villas not only have all the bells and whistles of any luxury home like granite countertops, ENERGY STAR RATED Bosch appliances and wide plank hardwoods, but they also come with a **free membership to the world renowned Pinehurst Country Club – a \$40,000 value!**

And now for a limited time the Villas also come with a E-merge Electric Vehicle. The E-merge is a street legal green golf cart that not only can get you around the course, but can also get you around town.

You owe it to yourself to take a tour of these luxury town homes in The Village of Pinehurst and come live among the legends.
